10% Other homework and short quizzes**

20% Final exam (Wednesday, December 15th, at 2:15 p.m.)#

* You may miss two classes without penalty. Each additional absence lowers this portion of your grade one notch (e.g., A- to B+). Three late arrivals of more than five minutes will count as one absence. Fifteen or more absences constitute an automatic failure of the course. Please note that preparation and quality of participation count! Speaking English during class is strongly discouraged, and will affect your participation grade. There is to be absolutely no eating or texting during class time. Students caught texting will be marked absent and receive a zero grade for all work that day (e.g. quizzes, tests).

* Quia assignments are due on the due dates indicated online. NOTE: Quia for each chapter must be completed by midnight of the class day before that chapter’s test.

** All homework assignments are due at the beginning of class. Unless the instructor announces otherwise, homework must be typed and double-spaced. (If you are having computer trouble, a hard copy of the homework —no email— may be accepted until 2 p.m. on the due date. This should not happen more than twice. Leave it in the box outside instructor’s office door.) If you miss a class, it is your responsibility to make sure you get all make-up work from your instructor and turn it in by the following class period for credit.

# The final must be taken at the designated time. Personal travel plans and work conflicts will not be considered valid reasons for rescheduling the final exam. If you have a serious problem (medical, personal), or a conflict with another language exam, please see me.

Sorry, no credit will be given for late homework or Quia (unless you have a medical or other valid excuse)
